

**We're Now Part of the Abracon Family of Companies**

We are pleased to announce that NEL Frequency Controls Inc. has been acquired by Abracon. With this transition comes the introduction of blue in our logo and throughout our website. We still have the same dedicated staff with their expertise, and our products are still being manufactured at our facility in Wisconsin. As an Abracon company, we now have access to a wider variety of frequency control devices to provide you with the best products for your specific requirements.
